DETAILED ACTION

Allowable Subject Matter

1. Claims 3-5 allowed.

The following is an examiner's statement of reasons for allowance:

With respect to claim 3, Kang discloses a filter Fig.1b distributed on a circuit board of a wireless communication product, comprising an input terminal **150**, a resonant chamber of double frequencies **170**, and an output terminal **160** of the microwave filter directly distributed on the circuit board of the wireless communication product as a plurality of micro strips by utilizing a manufacturing technique of printed circuit board. **(Col. 1 lines 41-57)**: a first microstrip circuit 244 having one end perpendicularly coupled to one end of the input terminal 246; a third microstrip circuit 245 having one end perpendicularly coupled to one end of the input terminal 246, the third microstrip circuit 245 being parallel to the first microstrip circuit 244; a second microstrip circuit 243 interconnected the first microstrip circuit 246 and the third microstrip circuit 245 in a meandered path and being perpendicular to each of the first and the third microstrip circuits; however Kang does not disclose a fourth separate microstrip circuit interconnected the first microstrip circuit and the third microstrip circuit and being disposed across the first and the third microstrip circuits.

The Kanba reference however discloses a fourth separate microstrip circuit 13e interconnected the first microstrip circuit and the third microstrip circuit and being disposed across the first 15 and the third 49 microstrip circuits.

Art Unit: 2618

However, the prior art does not specifically disclose wherein the input terminal, the first and second microstrip circuits are provided at a top layer of the circuit board, and wherein the third and fourth microstrip circuits are provided at a bottom layer of the circuit board, and wherein the two through vias are provided for interconnecting the top and bottom layers.

Claims 4 and 5 are dependent on allowable claim 3.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
